## Family's lucky escape as fire breaks out during work on their home

### BLAZE VICTIMS UNHAPPY WITH DISTRICT COUNCIL'S RESPONSE

A FAMILY had to flee their burning Musbury home after a fire started while work was being carried out on the property.

Two family members escaped unscathed but another needed treatment for burns and smoke inhalation.

Their home was too damaged for them to return to it. Now, Elizabeth Hetfield, Carl Du Bruin and their son Luke Hetfield say they have been denied access to their fire-damaged bungalow and given no practical help.

East Devon District Council (EDDC) strongly denies the claim, saying they were told by the family that they were happy with the emergency accommodation provided.

Four EDDC-owned bungalows were damaged in the fire on Monday, June 19th.

Elizabeth explained what happened by saying: "We were in Axminster when Luke phoned to say some tradesmen had turned up, so we came back."

Workmen had arrived at the property to carry out maintenance on the property, according to Elizabeth, and family members set about their daily routines, including laundry.

Elizabeth said: "I went outside with the washing when a molten piece of roofing felt fell on my foot and a piece stuck on my hair."

"I threw the washing away and could see flames and smoke billowing."

"I screamed for Carl, Luke and next door to get out fast, and phoned the fire brigade."

Carl heeded the advice and said: "There was

Chief reporter | [anders@viewnews.co.uk](mailto:anders@viewnews.co.uk)

green and yellow acrid smoke cascading when I went out."

Firefighters arrived, everyone was accounted for and Elizabeth was treated at the scene for burns and smoke inhalation.

She said: "We are so grateful to the firefighters; we can't thank them enough."

A spokesperson for the fire and rescue service said: "The fire started from some building work being carried out at the property. The bungalow was in a block of three so the crews did an excellent job limiting the fire spread."

Elizabeth, Carl and Luke were taken in by neighbours Tina and Nigel Say after the fire, and claim to have had no meaningful help from EDDC.

They contacted and spoke to *Pulman's Weekly News* on Thursday last week, when Elizabeth said: "We have been treated appallingly, they have left us in the dark."

They claimed:

- that they have no clothes, bedding or other belongings because EDDC has refused them entry to the property and changed the locks;
- that they've been told to buy new stuff and keep the receipts, but have no money to do so;
- that they were pressurised into picking up the keys for, and accepting, a council flat in Sidmouth;
- that the flat was unsuitable because of Mr Du Bruin's health problems;
- that they asked for housing nearer Musbury but were denied and that EDDC has not been clear about what is available.

The family said they did not have home contents insurance because they could not afford it. Following a meeting with a senior EDDC official last Friday, the family appeared happy and did not wish to complain publicly.

But this changed over the weekend and, at the time of going to press, the family had been accommodated at Ladram Bay Holiday Park in Budleigh Salterton on a temporary basis.

Speaking on Monday afternoon, an EDDC spokesperson said: "We are puzzled to hear that the tenants are unhappy with their accommodation and their treatment from the council, as we have worked hard with them to find them alternative housing while their property is being

assessed for refurbishment.

"The tenants told us only on Friday that they were pleased with their current accommodation. The first that we were aware of their change of mind was when we received a call from the media telling us that they were now unhappy with the situation. Unfortunately, they have not told us.

"Today (Monday) we have asked them if they want to stay in their current accommodation and they have told us they do.

"Following the fire last Monday, the tenants were able to stay with friends although emergency accommodation was available to them.

"Two days after the fire, a council property was offered to them to move in to in Sidmouth. Even though they signed an agreement to move there, they then told us they were unhappy with it.

"Alternative emergency accommodation was provided which matched their requirements, and they told us on Friday that they were pleased with it.

"That is where they are currently living. Now we hear through the media that they are unhappy with it.

"We have made every effort possible to help them following the fire which, of course, was very distressing for them.

"We entirely understand that they want to live in Musbury but we have no suitable accommodation for them there at this time.

"The health and safety of our tenants is of paramount importance to us and we are working with our contractor who was carrying out work at one of the properties affected by the fire to find out exactly what happened.

■ LUKE Hetfield, Elizabeth Hetfield and Carl Du Bruin at their neighbour's home last Thursday

"We need to be absolutely sure that health and safety procedures were followed and if there are any lessons to be learned from this incident, our tenants can be reassured that we will take them on board and implement any changes necessary."

"Our primary concern at this stage is to ensure that the tenants who were affected by the fire are safe, well and suitably rehoused while we look towards refurbishing the properties so that they can return to their homes as soon as possible."

"In accordance with normal procedures, our contractor has reported the incident to the Health and Safety Executive who may wish to carry out their own investigations into the cause of the fire."

## Motorbike crash victim's family pay tribute

THE family of a motorcyclist who died following a collision near Colyford have paid tribute to the 'warm, kind and giving' man.

Richard Earnshaw, 33, from Honiton, died in hospital following a serious collision at Heathfield Cross, near Colyton, at around 3.45pm on Sunday, June 11th.

The family of Richard have made the following tribute: "The sudden and unexpected loss

of Rich has been extremely difficult to comprehend and come to terms with.

"He was such a warm, kind and giving person and has left a massive hole in all our lives and hearts. He loved all his friends and family unconditionally.

"Rich was a guy who, once you met for the first time, made you feel comfortable and familiar. The kind of guy you would want to share a

pint or two with! He was an integral part of his family and the glue that held us all in place.

"Gone within the blink of an eye but never ever forgotten. It will be hard to move on from this.

"All the messages his family have had from friends and well wishes have been incredibly moving and humbling.

"In these sombre times, support like this restores faith in human nature and to know the love that exists out there for Rich has certainly helped to fathom his loss.

"His family have set up a crowdfunding page for any friends or well-wishers to help towards giving this 'true gent' the send-off he deserves."

You can view the page at [www.justgiving.com/crowdfunding/frank-earnshaw](http://www.justgiving.com/crowdfunding/frank-earnshaw)

Police are appealing for witnesses to the collision which involved a white Iveco Daily Panel Van and a white Triumph Dayton 675R motorcycle.

The Triumph was on the main A3052 heading from Lyme Regis towards Colyford in the company of another motorcyclist on a Yamaha YZF R1 and the Iveco van was travelling from a minor road at Heathfield Cross.

The van driver, a 69-year-old man from Axminster, was not injured. The second motorcyclist, from Exeter, was not involved in the collision.

Officers from Exeter Roads Policing Team and the Serious Collision Investigation Team attended the scene.

The road was closed for six hours while officers carried out an examination of the scene.

Police are appealing for further witnesses to

come forward and information can be passed via [101@dc.police.uk](mailto:101@dc.police.uk) or by phone on 101, quoting log number 0592 of 11/06/17.

## MP welcomes MoD contract

YEOVIL MP Marcus Fysh has welcomed a new £260million Ministry of Defence contract with Leonardo as a sign of confidence and ambition building on the Strategic Partnership Agreement announced last year.

The deal to supply Identity Friend or Foe equipment will be rolled out in phases across military platforms to allow land, sea and air units to quickly identify friendly forces and operate safely alongside NATO allies.

Mr Fysh said: "This contract is a huge endorsement of Leonardo in the UK and its exciting, world beating technology.

"As the rollout of this technology continues to the next tranche I want to see some of that work being done in Somerset and will be pushing the Ministry of Defence to see that happen as soon as possible.

"We have the skills and workforce to bring this IFF technology to our Wildcat and Merlin helicopters and there are export opportunities too.

"As the MP for Yeovil I'm excited about this good news for Leonardo and the opportunities it will bring here but more generally it's really positive that in this country we lead the world in technology like this.

"It is so important that our military personnel are given the best equipment to support them in their roles and reducing the risk of friendly fire is absolutely key in modern conflict."

Yeovil MP Marcus Fysh has called Leonardo's new contract with the MoD a 'huge endorsement' of the helicopter company

# East Devon to increase number of district councillors at next election

EAST Devon District Council will increase its number of district councillors from 59 to 60 following a review carried out by the independent Local Government Boundary Commission.

The recommendations – which can be found online at: <https://consultation.lgbce.org.uk/node/8778.t> – propose that East Devon should be represented by 60 district councillors in the fu-

ture: one more than there is at present.

The recommendations also propose that the councillors should represent 12 three-councillor wards, six two-councillor wards and 12

one-councillor wards across the district.

Prior to publication of the commission's final recommendations, which draws new boundaries for each council ward across East Devon, a public consultation was held on its draft proposals earlier this year.

The electoral review of East Devon District Council is a separate undertaking from the review of parliamentary constituency boundaries, which is being carried out by the Boundary Commission for England under different rules and legislation.

Professor Colin Mellors, commission chairman, said: "We are extremely grateful to people across East Devon who took part in the review."

"The commission has looked at all the evidence that was put forward during the consultation."

"We believe these recommendations deliver electoral fairness for voters as well as reflecting community ties throughout East Devon."

Mark Williams, Chief Executive of East Devon District

Council and the Returning Officer for East Devon, said: "I welcome the final recommendations of the electoral review of East Devon District Council, which aims to ensure that each district councillor represents approximately the same number of voters through the redrawing of ward boundaries across East Devon."

"I will be reporting the final recommendations to Cabinet in July."

"The review will also aim to ensure that the pattern of wards reflects the interests and identities of local communities and promotes more effective local governing."

"The proposed new arrangements must now be implemented by Parliament."

"A draft order – the legal document, which brings the recommendations into force – will be laid in Parliament at the end of June."

"It then needs to lie for 40 sitting days. As the House rises for recess on July 20th, the remainder of the 40 days will be in the autumn session, so we

would expect the 40 days to end in October."

"The order will ensure that the new electoral arrangements will be implemented at the district council elections in 2019."

## Zero hour contracts in the South West on the up

THE number of 'zero hour' and agency contracted workers has more than doubled in South West since 2011 to 145,000, new research from GMB union shows

The findings, published at GMB's 100th Annual Congress in Plymouth, come as the union reveals that up to 10 million people are currently in insecure work in the UK – up to a third of the workforce is in precarious employment.

The number of zero hour and agency contracted workers increased from 67,000 in 2011 to 145,000 (116 per cent) – and is particularly pronounced among women (137 per cent)

John Philips, GMB Regional Secretary said: "These figures lift the lid on the insecure reality of the modern world of work."

"Here on our own doorstep in the South West we are witnessing an epidemic of precarious work – and it is growing at a frightening rate among our women workers."

"Hundreds of thousands of people are going to work either not knowing what their hours are, if they'll be able to pay the bills, or what their long term prospects are."

# District council calls for halt on hospital bed cuts

## BUT NOW HONITON MATERNITY UNIT IS AT RISK

**Peter Hodges**

Reporter | peter@viewnews.co.uk

EAST Devon District Council's Scrutiny Committee has called for the existing level of community hospital beds in East Devon to be maintained, with no closures.

At a recent meeting, EDDC's scrutiny committee expressed 'great concern' that under the NEW Devon Clinical Commissioning Group's plans 'there will be no community hospital beds east of Sidmouth, leaving residents in a whole swathe of eastern Devon remote from the nearest hospital facilities'.

The committee also agreed to write to Devon County Council's Health Scrutiny Committee, urging it to refer the matter to the Secretary of State for Health 'as a matter of urgency' as it was 'concerned that lack of an early submission will result in NEW Devon CCG going ahead with its proposals'.

This followed a claim from Honiton district councillor Mike Allen that staff were already leaving and patients being turned away from Honiton Hospital.

The point was echoed in comments by county councillor Martin Shaw about Seaton Hospital.

The committee's resolution was the outcome of two hours of pressure from committee members, other councillors and the public on the Chair of the CCG's Eastern Locality, Dr John Kerr.

The resolution was proposed by scrutiny committee chairman, councillor Roger Giles of Ottery St Mary, who had interrogated CCG representatives on their proposals.

He repeatedly asked: 'How many additional staff will be required?' for the CCG's new model of care, only to be told, 'What is required'.

Other members expressed doubt that enough new staff could be recruited.

Cllr Giles' proposals followed speeches by Councillor Shaw and EDDC's Councillor Andrew Moulding of Axminster for keeping hospital beds in Seaton.

Councillor Moulding pointed out that not only

Axminster, but also Axmouth, Uplyme and Rousdon, had been omitted from the CCG's calculations of the population served by Seaton Hospital.

Much of the discussion at the EDDC meeting reacted to the discussion at Devon's Health Scrutiny Committee last Monday.

Devon councillors had followed the recommendation of their chairman, Councillor Sara Randall Johnson, to postpone until July a decision on Councillor Claire Wright's proposal to refer the CCG's decisions to the Secretary of State for Health.

Councillor Shaw, who also addressed the Devon meeting, and said afterwards that he was 'incredibly disappointed and frustrated by the unnecessary and damaging delay'.

Sixty protestors, from Honiton, Seaton, Colyton and other parts of Devon, had waved placards outside County Hall and had then watched the Scrutiny Committee, some of them jeering when it was proposed to delay the decision.

Councillor Shaw later expressed his satisfaction with the outcome of the EDDC meeting, which he said 'put saving the beds back on the agenda' and pointed the way for Devon County Council's Scrutiny Committee to follow when it reconvened.

He said: "I am very pleased at the strong cross-party case made for East Devon hospitals and especially the mounting support for looking again at the CCG's completely indefensible abandonment of Seaton."

"Keeping beds in Seaton has had tremendous backing this week, including not only from Councillor Moulding but also Councillor Hall from Axminster, and Mike McAlpine, chair of the committee for the Axe Valley Health Hub."

"Seaton's Deputy Mayor, Cllr Martin Pigott, made an excellent case at County Hall."

Councillor Shaw said it was very obvious that CCG representatives, Dr Sonja Manton at the Devon meeting and Dr

Kerr at EDDC, had refused to answer direct questions about the flawed case for axing Seaton's beds, adding: "I am optimistic that when this comes back to Devon, councillors on the Health Scrutiny Committee will pick up the Seaton issue and we will finally get justice for our communities."

The CCG also recently released their Acute Services Review which would seem to put the future of the Honiton Maternity unit at risk.

Following the meeting, Cllr Giles said: "I would like to thank Mr Finn and Dr Kerr for attending and answering questions."

"I would also like to thank the committee for their robust debate. However, I am particularly disappointed that the CCG have failed to provide evidence that an adequate replacement care at home service can be provided."

"The case made by the CCG just does not stand up to scrutiny. The CCG admitted on June 22nd that they are unaware of how many staff will be needed for the new service - yet claimed a figure of savings that would result."

"The CCG has completely failed to address previously expressed concerns."

"East Devon District Council's Scrutiny members strongly urged the CCG not to proceed with its highly unpopular and damaging proposals."

The document says: "Delivering choice for home or midwifery-led births will continue to be provided in line with the national strategy 'Better Births'."

"Therefore, clinicians have recommended that we adopt the strong evidence base for midwifery-led units co-located with consultant-led units."

"This enhances safety, one of the most important criteria highlighted by the public."

"Therefore, we will develop proposals for relocating our four midwifery-led units at Newton Abbot, Okehampton, Honiton and Tiverton alongside our consultant-led units at our main hospital sites."

## CycleFest back in Seaton this weekend

SEATON'S Town Development Team and Town Council are getting ready for the second Seaton CycleFest this weekend.

Organisers promise an even "bigger and better" event with two whole days of both leisurely and competitive cycling on July 1st and 2nd.

The Saturday will see the Vintage Cycle Day kick off the weekend, with more than 100 vintage cyclists descending on Seaton. Everyone is welcome to join them at Cliff Field Gardens from 1pm-6pm for a picnic.

Food pitches, market stalls, bands, and vintage style entertainment will be on hand, and

entrance is free to anyone dressing up in vintage costume.

Sunday (July 2nd) sees British Cycling back in Seaton with the town centre turning into a racing course for the day featuring some of the best cyclists in the South West. The event is organised by Velo Vintage, the father and son partnership comprising Alistair and Sebastian Cope.

The Town Development Team, working with 1st Chard Wheelers, will start the cycle races at 11am on the Criterion course (which runs along the esplanade, up Castle Hill, down Seaford Hill Road and onto Harbour Road before

making its way to the Esplanade finish line via Beach Road).

A spokesperson said: "It promises to be an exciting day of cycling and entertainment for all, so whether you are a race team member or just want to experience the thrill of seeing, there's plenty to do."

During lunch, families can try out the course themselves in a brand new Open Ride at 1.30pm from the Esplanade.

The popular Kids Relay Race makes a return at 2pm on the Esplanade; teams of four can enter in advance by downloading entry forms at www.seatoncyclefest.co.uk

# Winners of Axe Valley writing competition

**Peter Hodges**  
Reporter | [peter@viewnews.co.uk](mailto:peter@viewnews.co.uk)

AS part of its ASPIRE Programme, Axe Valley Academy recently held a series of Creative Writing Workshops for pupils from its feeder primary schools.

The pupils visited the academy site to work with groups of Year 7 students and their English subject leader teacher Mrs Naomi Gribler and also English teacher Mrs Leanne Male.

The children explored the use of vocabulary to bring their stories to life and particularly worked on creating an extension to the Roald Dahl classic Charlie and the Chocolate Factory.

Everyone was asked to write their chapter

down after the workshop and enter Axe's creative writing competition.

The deserving winners were Ameera Pheby from Seaton Primary and Ewan Roy from Axminster Primary who were presented with £10 book token prizes by Mrs Male who said "Well done to everyone that participated and congratulations to the winners! I am looking forward to teaching you one day!"

An extract from one of the winning entries: "She scoffed the sherbet-chocolate seashells and devoured the candyfloss sea-froth. Next, she guzzled a rainbow jellyfish before reaching for a candyfloss pufferfish. Its gobstopper eyes glowed like pearls and its chocolate

spikes looked delectable, melt-in-the-mouth."

# Warning after beauty spot car thefts

THE car park at Trinity Hill Nature Reserve outside Axminster has been targeted by thieves.

Police say there have been a spate of car break-ins throughout East Devon, with the Trinity Hill car park being one of the hotspots.

PCSO Chris Bolsover of Axminster Neighbourhood Police Team said: "There have been a number of thefts from unattended vehicles in and around the East Devon area recently, particularly

from those parked in car parks at local beauty spots, including Trinity Hill.

"It only takes seconds for a thief to break into your car and take valuables from it.

"We strongly recommend that you do all you can to prevent this from happening by taking precautions."

Basic precautions include locking the car, closing the windows and removing all valuable items from the vehicle.

PCSO Bolsover added: "If

you see anyone acting suspiciously in and around the car parks – in particular anyone who looks out of place hanging around the location, either in or out of a vehicle – do not leave your own vehicle unattended and immediately contact the police on 101 or 999.

"If possible, try and make a note of any vehicle registration number seen, together with vehicle details and a description of the person acting suspiciously."

# Cream tea campaign

■ **VOLUNTEERS** and supporters of the Exeter Leukaemia Fund. The ELF Shop in Axminster hope locals will turn June into a month of cream tea fundraisers.

The charity is encouraging organisations and individuals to hold an ELF cream tea fundraiser in their workplace or community and raise money to support families affected by blood cancers and blood disorders across Devon.

More than 600 people are treated at the Royal Devon & Exeter Hospital each week for a blood cancer or blood disorder and ELF supports patients and their families, providing practical and emotional support as well as funding a counsellor, general therapist and clinical nurse specialist within the ward.

All money raised through the ELF Cream Tea will enable the charity to support more families during difficult times in their lives.

ELF chief executive Mags Naylor said: "Devon is known for its cream teas and I urge you to hold an event and support the work that ELF does."

If you would like to host your own ELF cream

tea, visit [www.elfcharity.org.uk/creamtea](http://www.elfcharity.org.uk/creamtea); email [creamtea@elfcharity.org.uk](mailto:creamtea@elfcharity.org.uk) or call 01392 247725.

# "If you go down to the woods today...."

**Well on the 1st July....there will be lots of surprises at The Teddy Bears Picnic at The Folly Nursery in Dalwood!**

THE PICNIC is particularly important this year as you may well be aware the government is increasing the hours of childcare available to some families from 15 up to 30 hours.

Parents of 3 and 4 year olds who want to take advantage of the extra 15 hours of childcare need to discover if they are eligible first. If they are eligible they need to give their chosen provider their 11 digit code to register.

Staff at The Folly Nursery will be on hand at the Teddy Bears Picnic to help parents with this process as their children take part in the activities available on the day.

We have limited spaces left for September, so do come and see what we are all about and register any interest with us then.

All families with under-fives welcome.

# Martial arts centre upgrade pays off for students

A SUCCESSFUL fundraising campaign has paid off for Seaton Martial Arts Centre.

No less than 17 students have been upgraded in recent months, and centre chairman Doug Rudge said: "This would not have been possible if the building itself had not been upgraded last year when the old, rotting wooden floor had to be replaced.

"The new floor has given the building a new lease of life and it is clear that members are benefiting as a result."

The successful students from Seaton Shotokan Karate Club attended a combined training and grading session at in Newton Abbott, where they proved themselves to be up to the required standard in street self-defence, katas and sparring. Those upgraded were Charlotte Leslie (8th kyu red belt), Elliott Speer (8th kyu red belt), Daisy Graysmark (3rd kyu brown belt) and Paul Thompson (3rd kyu brown belt).

Seaton Judo Club also put eight juniors and one slightly more senior member through

their paces.

To add to the pressure, the event was overseen by former national coach Dave Allen.

All students performed exceptionally, carrying through the club philosophy of high tempo competitive judo whilst demonstrating well-applied technical knowledge. Successful competitors were: Oliver Brown (1st Mon), William Sykes (1st Mon), Max Nevell (3rd Mon), Maddie Robinson (4th Mon), Perrin Ellynn (5th Mon), Sophie MacKenney (6th Mon), Felix Robinson (9th Mon), James Lacey (10th Mon) and Mark Sinclair (1st Kyu).

Impressive displays of skill, stamina and controlled aggression were also shown by Kenpo Dynamics students Lilley Smitham (junior orange Belt), Rebecca Smitham (junior 1st kyu brown belt), Katie Malone (junior 1st kyu brown belt) and Aurora Singh (1st kyu brown belt) at recent gradings at Seaton.

Seaton Martial Arts Centre committee set out on a major fundraising drive in 2015, which raised enough money to complete the project early last year.

ficult time, in particular: Seaton Town Council, Axe Valley Runners, Val Jones, RGB Building Supplies (Exmouth), Colyford Goose Fayre Committee, Axe Vale Festival Committee, Seaton Carnival Committee, East Devon District Council, Mike Jones, Waitrose (Sidmouth), Seaton Lions and Colyton Carnival Committee along with the many local businesses who generously donated prizes for their race night fundraising event at Seaton Football Club.

Mr Rudge added: "The dojo, which was officially opened in 1987, is one of only a handful of purpose-built training facilities in the South-west dedicated to the practise of martial arts.

"It is used seven days a week by over 130 members ranging in age from four to 78 years old from the East Devon and West Dorset areas.

"The club is a friendly, welcoming place that provides training in shotokan karate, judo, mixed martial arts, kenpo dynamics and ki aikido along with keep fit activities such as kettlebells.

"Martial arts are suitable for all ages, genders and abilities, but they are especially suitable for children as they teach discipline, balance, co-ordination and respect for others along with the obvious benefits of self-defence; together these improve confidence and encourage a positive attitude to life.

# Student ride cheque for air ambulance

■ HONITON Community College students present a cheque to Cpt Richard Tate and Devon Air Ambulance for more than £1,800

HONITON Community College students presented a cheque to Devon Air Ambulance's Captain Richard Tate recently following their 24 hour cycle event held in March.

Students and staff cycled continuously to complete the mileage from John O'Groats to Land's End and then, as the target was completed within 12 hours, they cycled back again

to John O'Groats, managing to complete the round journey in just under 24 hours.

The final total of £1,880.69 was an amazing effort by all who took part, either cycling or lending their support by providing food, drink and plenty of encouragement – especially at 3am.

A spokesperson for the school said: "Captain Tate started the event for the college by cycling a few miles so we were delighted that he could return to receive the cheque and explain the importance of fundraising events like ours to support this lifesaving service.

"Events like these really demonstrate the resilience, teamwork and determination our students develop whilst they study in sixth form and both Mr Smith, their tutors and fellow students are very proud in all that they achieve. We are however slightly worried about the challenge they will set for their 24 hour event next year."

## Probus railway talk

HONITON Probus Club will welcome Robert Hesketh who will be talking on the subject of 'Devon's Railway Heritage' on June 29th.

The meeting will take place from 11.30am at The Heathfield Inn.

The Honiton Probus Club is open to retired or semi-retired men. New/prospective members welcome. Contact Mike Underdown on 01404 234195 for more information.

# State of Mill Water School site concern

DEVON County Council have said they are still considering uses for the former site of Mill Water School in Honiton.

View From Newspapers have been approached by several members of the public recently, who have spoken of their disappointment to see the site grown over and looking run down.

A council spokesman said: "We're currently

# Marshwood school rated 'good' by Ofsted

**Peter Hodges**

Reporter  
peter@viewnews.co.uk

MARSHWOOD CE Primary Academy, part of the Acorn Multi Academy Trust, has been judged a good school following a recent Ofsted inspection.

Marshwood's Head of School, Luke Owen, with the assistance of the Executive Head, Andrea Rice, was credited with "working tirelessly to ensure that pupils experience a rich curriculum, both in school and out."

In doing so the school has developed the outside facilities, so that children enjoy more space for creative and physical activities.

This has resulted in enhanced provision for Reception children, who are "given activities which extend their thinking and challenge them with new concepts."

Ofsted also highlighted the relentless focus on "improving the quality of teaching" so that "pupils continue to make good progress". In doing so Ofsted recognised the impact the new leadership and teaching team were making, particularly with regards to "making significant improvements to pupils' reading, writing, spelling and grammatical knowledge." The report

praised the professional development in place, and the "coordinated work with other primary schools in the multi academy trust," which has seen teachers "gain confidence in their practice and pupils thrive on the challenges and support received."

The effectiveness of the safeguarding procedures of Marshwood Primary Academy were also highlighted, with staff ensuring "pupils are safe and secure in the school at all times," thanks to "a strong culture of safety," and the way in which the school "works sensitively with parents and external agencies to monitor and support any vulnerable pupils."

The report praised both staff and children, and recognised the school's focus on cross-curricular writing, highlighting the way in which pupils were "writing about the Romans and using their historical knowledge to write successfully in a range of genres." The success of the school's creative curriculum was further highlighted with the inspector stating "topics chosen by teachers reflect the pupils' interests and this helps to engage them continually." This personalised approach was due to the fact that "teachers know the pupils well and use their expertise to judge when pupils need extra time or are ready to move on in their learn-

ing. This has a positive impact on the progress made by pupils."

Mr Owen, who joined the school in January 2015, said: "As Head of School, I am delighted that the hard work and dedication of the staff, pupils, parents, governors and community at Marshwood has been recognised by this inspection."

"I would like to thank our Executive Head, Andrea Rice, and our colleagues across the Acorn MAT for their ongoing support. The report provides us with a firm foundation for the future as we continue on our journey to excellence, through continuing to provide the best possible education for our children."

## theWI INSPIRING WOMEN

■ **COLYTON:** President Shelagh Derwent opened the meeting welcoming members. Jerusalem was sung.

The past month has been a very busy one. Shelagh thanked the members who had helped with the exhibition held in St Andrew's church to celebrate Colyton's 90th birthday and also to the participating WIs who together made it a huge success.

Jacky Roberts-Wake organiser of the exhibition also thanked everybody who had contributed with mention to Ros for her laminating skills, Jean Underdown for her display in the church porch and Francine for her contribution, help and ideas, Margaret and Susan for the flowers, and Colyford Flower Club for their wonderful displays.

Jacky was thanked by the members for her outstanding organisation.

Shelagh read a precis of the AGM held in Liverpool, a full copy was available for members to read on the correspondence table.

A decision for the recipients of the knitted teddies vests, etc, was decided on the Bridge of Hope in Uganda, with the founder of the charity to be invited to the garden party meeting in July to tell members more of the charity.

The speaker this month was Ruth Worsley project co-ordinator of Legacy to Landscape, she gave an interesting talk, with local interest Shute Deer Park which contains the King John Oak - one of the oldest trees in the country being over one thousand years old, she also gave de-

tails of the many events held for all ages to participate from gentle walks to moth and bat hunts.

Joan McDougall gave the vote of thanks. The Colyton Civil War day was a success with members helping with the teas.

Monica Rust won both competitions this month, a picture of a tree judged by the guest speaker and flower of the month with a beautiful white Agrostemma.

■ **AXE RIVER:** The June meeting took place on the evening of Tuesday 20th.

Michael Bennie was the main guest of the evening. The subject of his talk was 'Dartmoor - Land of Lore and Legend'.

We were shown slides of the wonderful Dartmoor scenery, paying particular attention to the number of manmade stone formations dotted around Dartmoor, which hold many unknown secrets as to their origin and their purpose - most of the stories linking them to worship and burial.

Many of the legends also refer to witches and pixies - and their effect on the local population!

We were also shown slides of the remains of the tin mines, and told the history of the workers and the laws which governed them.

After tea and biscuits, provided by Pat Parkhouse and Jenny Palmer, we discussed our forthcoming events, which included a trip to Goren Farm Meadows, afternoon tea and strawberry picking at Royal Oak Farm, wine tasting at Budleigh Salterton, the Group Meeting with All Saints WI and Honiton WI and our Coffee Morning in the Minster Church Rooms in July.

The next meeting will be held at 7.30pm on Tuesday, July 18th when the speaker Helen Kearney will be giving us an insight into Kitchen Remedies

As usual, all visitors are most welcome.

ADVERTISER'S ANNOUNCEMENT

## The Project hosts art exhibition to raise awareness around mental illness

IN THEIR latest venture to raise awareness around mental illness, local mental health charity The Project is hosting an art exhibition called 'This Is My Mental Illness' at Pippins Community Centre in Axminster from Friday 30 June to Sunday 2 July. It will feature a range of artworks inspired by people's experiences of mental health problems, including paintings, written pieces and any other forms of art people choose. It can often be easier for people to express their thoughts and emotions through creativity, so the exhibition will enable them to communicate and share their perspectives.

The art featured in the exhibition will be created by people who have experienced mental illness themselves and people who care for someone with a mental illness, and will include exhibits from some of the young people who attend The Project's support sessions. A range of media and points of view will be on display, reflecting the wide range of responses to mental health problems. The exhibition is being organised by Jess Foster, a volunteer and daughter of The Project's founder, Debbie Humberstone. Jess says, "I find it much easier to express my mental illness and how I'm feeling through painting or drawing - I find it helps me put my point across without actually having to speak which sometimes is difficult to do, or I don't have the words to say".

Jess hopes that the exhibition will encourage people with mental health problems to explore art as a way of processing their experiences, and also give others a different perspective on mental illness, as well as raising awareness and understanding.

She added, "Art can help people make sense of their mental health in many ways, but particularly for me it is being able to see it right there in front of me and being able to step back and see what I've created. It gives me a chance to think about why and how it looks as it does - there is something powerful about seeing the inside of your mind on paper."

The Project is excited to be hosting this event, which is free to attend, and looks forward to welcoming members of the public to the exhibition.

# Memory Cafe celebrates second birthday with tram ride

## Senior citizens enjoy afternoon tea

THE Rotary Club of Seaton hosted its annual afternoon tea for local senior citizens on Wednesday.

About 70 residents gathered in Colyford Memorial Hall for the event, including some residents from local care homes and members of Seaton Visually Impaired Club, with the oldest guest being 101 years old.

The senior citizens tucked into a spread of homemade cakes, sandwiches, tea and coffee and were entertained with a performance by Honiton Ukulele Group.

Members of the Rotary Club are pictured top and, above the ukulele group.

## Colyton looking for new carnival royalty

Colyton Carnival Committee is currently looking for entrants for the 2017 Carnival Queen & Princess Competition.

Full details of the competition and the role of the carnival royal party are available from Samantha Underdown on 01297 552017.

Winners will receive a dress and 20 per cent of the amount they raise.

COLYTON, Colyford & District Memory Café celebrated its second birthday with a tram ride.

A number of the café's regular members met in the Market Place and were taken by coach to Seaton, where they boarded the tram for a ride in the fine weather.

Refreshments were enjoyed at the Colyton station before Gareth Richards gave a talk about the old branch line from Seaton Junction, which closed in 1966, and the remarkable development of the tramway from 1970 illustrated by photos through the years.

The celebration ended with a sing-along to 'Happy Birthday' and a few other favourites.

The next meeting of the Memory Café will be held on July 5th in the St John Hall, Colyton.

A spokesperson said: "If you, or a friend or

loved one is experiencing short-term memory loss, or has recently been diagnosed with early dementia, why not come along to see us? You are assured of a friendly welcome and a cup of tea and homemade cake, and, most importantly, an afternoon of fun and laughter. We warmly welcome both occasional visitors and regular members."

Anyone interested should contact Sue Whittell on 01297 599477 for further details.

A further opportunity to learn more about the Memory Café will be held on Thursday, June 29th at 2.30pm in Colyford Memorial Hall, where volunteers will be on hand to answer questions and offer Dementia Friendship Training.

Devon AONB, those behind it are seeking volunteers of all ages.

## Kilmington to host healthy living conference for EDDC tenants

EAST Devon District Council's annual Healthy Living and Wellbeing Conference for its tenants is to be held in Kilmington.

The event will be held in the Baptist Church Hall, The Beacon on Tuesday July 11th from 10am to 4.30pm.

It is by EDDC tenants for EDDC tenants and the programme will deal with issues affecting tenants.

Topics to be highlighted include healthy cooking and wellbeing courses, how to reduce isolation, growing your own food and keeping fit.

There will be plenty of opportunities throughout the day to discuss issues with officers and councillors who will be attending.

There will also be two awards presented to people who tenants think deserve recognition for the work they do for others.

The first award will be for a tenant, nominated by tenants and others, for the help they give to neighbours or to the wider community.

The second will be an award for a member of staff nominated by tenants and other staff members, for the friendly, efficient and helpful customer service they provide.

The deadline for booking a place/making nominations is: Tuesday June 20th.

Any tenants who would like to attend can make their booking either by contacting EDDC's Tenant Participation team on 01395 517453 or emailing tenantparticipation@eastdevon.gov.uk

A free lunch and raffle will also be provided on the day.

EDDC chief executive Mark Williams said: "Our conferences are always popular and very informative. They are an ideal opportunity to find out more about the things that really matter to our tenants."

"It's also great for the unsung heroes of our community to be recognised through the awards."

"Why not speak to your friends and neighbours and decide between you who you think deserve these awards?"

"The project takes people into the beautiful countryside of the valley where wildlife is abundant and explores places not usually accessible to the public."

"The work is not heavy and requires no tools – just gloves, long sleeves, trousers and wellies; and is a fun way to maintain fitness and meet new people."

"The days run from 10am to 3.30pm and can also be an enjoyable way for students or those looking for work to get some volunteer experience for their CV, whilst knowing that they are making a difference to their local environment."

"The project has achieved an 80 per cent improvement year-on-year and has nearly eliminated it from many areas and this year is ensuring that the focus is maintained on clearing the Stafford Brook, Nannies

Water Brook and the River Axe (south of Whitford) to stop the plant re-colonising those areas cleared previously."

"The most effective way is pulling the plants up by hand which is easily done as they have very shallow roots and is necessary to get to those places that a mechanical cutter can't reach."

The main issues with the colonisation of Himalayan Balsam are that it causes:

• Our native plants to be out-competed therefore decreasing biodiversity, affecting ecosystems by creating an imbalance in wildlife and the habitats they depend on for breeding and food

• An increase in flooding

due to siltation and gravel build up caused by bank erosion

• A reduction in suitable fish spawning grounds

• Loss of pasture, hay meadows and agricultural land

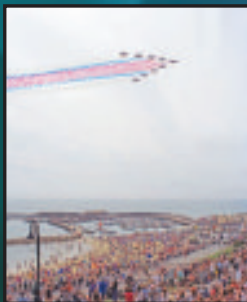

Louise Woolley is organising clearance sessions on alternate Tuesdays and Fridays and can pick people up from Seaton, Colyford, Colyton and Axminster as well as organising other pick-up stops if people do not have their own transport.

For further information and dates, email Louise at [axeinvasives@outlook.com](mailto:axeinvasives@outlook.com) or call 01395 512536 or 07905 418460 and connect with the "Axe Invasives" on twitter and facebook.

# 'Raising of the Glove' to feature on TV

**Anders Larsson**  
Chief reporter  
anders@viewnews.co.uk

AXMINSTER'S annual glove-raising ceremony attracted a larger than usual crowd as well as TV cameras.

In recent year the ceremony has been rather low-key but this year's revival of the historic Cherry Fayre by Light Up Axminster (the group fundraising for Christmas lights) gave it a higher profile.

It became part of a package of events and is set to gain a massive audience as a camera crew from BBC TV's *Escape to the Country* filmed proceedings.

Lord of the Manor Jim Rowe was handed the glove by its custodian, John Tarling, on the steps of the side of The Minster before raising it.

The ceremony goes back to the granting of Axminster's market charter by King John in 1210.

By tradition, the glove stays up for eight days, originally during Axminster Fair Week, and throughout that time it decrees that "no man shall be arrested" in Axminster.

# Cherry Fayre revival hailed big success

LIGHT Up Axminster members were overwhelmed by support for the first revival of the town's Cherry Fayre, which raised a total in excess of £2,500.

The group of volunteers was established late last year to raise money for Christmas lights and other attractions in the town.

The Cherry Fayre ran from June 17th-24th and included a range of events, including the traditional glove raising ceremony.

Speaking about The Cherry Fayre as a whole, Light Up Axminster chairman Cindy Furse said: "The event brought together activities from groups across the town in celebration of the Royal Charter granting the town eight days of fairs.

"The group ran an array of events designed to bring the community together, combining fun and celebration for all ages.

"Fundraising events included the popular Pizza and Quiz night held at Le Pisani, a special BBQ

and fun night held by Axminster New Youth Club, as well as a whist drive organised by Alison Hayward and Stuart Courtman at Axminster Heritage Centre, which all together raised just under £400. During the whole week, just over £2,500 was raised.

"A special mention goes to George Telling and everyone at The Recycling Centre for their £500 donation, and to NCP for donating all parking charges during the week – a total of £858."

She also praised Wayne Asher of Axminster Tools and Machinery for designing and collating the programme, and group members for delivering by hand to households across town.

For all enquiries or to get involved with the group, email [admin@lightupaxminster.co.uk](mailto:admin@lightupaxminster.co.uk) or phone Cindy Furse on 07930 800225.

You can also find the group on Facebook at Light Up Axminster and Twitter – @LightUpAx

THE first ever Axminster's Big Dinner, part of the town's Cherry Fayre celebrations, was a tremendous success on Friday evening.

Hundreds of visitors enjoying a vast and dazzling array of food stalls along with fairground and other

attractions in Trinity Square and Minster Green.

Light Up Axminster chairman Cindy Furse said: "River Cottage played a big part with a pasta-making workshop that was mobbed by around 40 children keen to learn some culinary

skills, whilst a host of local musicians showed their talents to the pleasure of the crowds.

"The range of products was a surprise to all and included traditional hot dogs and burgers, a hog roast, a BBQ, Japanese noodles,

olives, doughnuts as well as ice-cream, local wines and a licenced bar, to name just a few. The sense of community spirit was tangible from start to finish, and the smiles on the faces of people of all ages was a wonderful sight."

■ The pasta-making workshop was busy throughout; Emily Traynor and Rob Robinson helped children make designer cup cakes (inset); a stage was created for live music (bottom left)

Web Design

Hello we are etchd creative

[www.etchd.co.uk](http://www.etchd.co.uk)

## Graphic and web design to meet any requirement

**ETCHD CREATIVE** is tailor-made for business people who understand that to succeed, you must stand out. Cause a stir. Get a reaction. Make a connection. Don't be a slightly better version of something that already exists, but give customers something memorable. Give them an irresistible proposition in a marketplace full of clones.

At **etchd creative**, the design team is passionate about making a difference for the businesses they serve. With every project they take on – websites, brand designs, social media campaigns or bespoke publications – they set out to create something unique.

They believe that whatever enterprise you are in, you must never ask: what should my website look like? Rather, you should ask: what could it look like? How brilliantly wonderful can we make it?

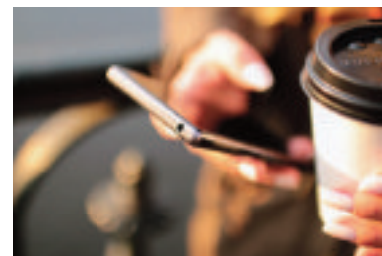

Here's a thought: the world will judge your business against the very highest standards that exist. Few people will look at your website and consider your budget, the number of people in your organisation and how pressed you are for time. You will be judged as a business with unlimited resources.

So if your website is not really doing much for you, consider doing something a bit different. Be daring. You have nothing to lose. And **etchd creative** will help you realise your vision.

Lyme Regis-based **etchd creative** provides a full range of website design and digital media services: eCommerce solutions, social media services, SEO, website design, web branding and strategy for any business – anywhere. All backed up by a friendly, attentive team who won't bamboozle you with techno gobbledegook but will keep things simple.

They recognise that your company's identity and reputation rests not only on the quality of the services that you provide, but on how your customers perceive you. The impression is immediate.

**etchd creative** works with organisations of all sizes, from start-ups to established business. They take the time to learn about their clients and their needs but also about the service expectations of their customers and partners.

■ Children worked together on this piece of art

THE Cherry Fayre came to a close with a picnic on Minster Green on Saturday, although the antics of Punch and Judy and the writhing mass of screaming children broke the calmness of the afternoon!

Tea, coffee and ice-cream were provided by Tesco, doughnuts by Co-op and the face painters did a roaring trade.

# We never got back what we put in

■ I CANNOT let Mr Little's letter (June 13th) go without some clarification.

Contrary to his claim that the EU have paid for this work, it has all come out of a much larger amount we have paid to the EU, much of which we will never see again.

I agree that if we were not members of the EU, they would not have sent this help, but there would have been no reason for the UK not to have given even more (provided the UK government considered the assistance worthwhile).

In fact, we had little or no say in the matter. To go on by saying those who voted to leave

are 'denying their children and grandchildren' - what from?

Having a fairly large slice of whatever they earn permanently being taken to fund an unauditable black hole, much of which is corruption.

The only ones who should be ashamed of their actions are those who distort the truth simply because others disagree with them.

**STUART NISBET,  
Seaton**

# Can't trust our bully boy MPs

■ I AM so disgusted by this election and everything that has gone on. We are trying to stop bullying in our schools, so what an example our MPs are setting to our children. Talk about loyalty to our country and to all who voted Conservative.

How can we trust any of our Members of Parliament? First they try to prevent all of us voters from our rights to come out of the EU, then - after giving full support to Theresa May - they turn

on her like a load of bully boys. You can't call them men.

Can you imagine Corbyn as PM? Hates royalty - our Queen - and supports all who would do harm to our country. His promises about a £10 minimum wage and no fees for students - maybe Tony Blair has promised to help him by selling one of his 36 houses? Labour for the working class? I don't think so.

# The Year at Spring

■ (with apologies to Robert Browning)

The year's at the spring,  
And day's at the morn;  
Morning's at seven;  
The hill-side's dew-pearled;  
The lark's on the wing;  
The snail's on the thorn;  
God's in his Heaven -  
All's right with the world!

The year's in a spin,  
And day's at the morn;  
Of May's June Election;  
Young voters are stirred;  
The Right's on the run;  
The Left are re-born;  
Corbyn's in Heaven -  
B\*gger me - what a world.

# Motorhome parking or camping?

■ I WOULD like to comment on your headline of June 20th ('Residents' signs must be removed', Seaton edition).

I've been a very keen motorhomer for several years - I must agree with the residents feelings; I would not like someone 'camped' outside my house.

Motorhomes are now the biggest growing vehicle sales for leisure than any other form of accommodation.

The majority are being bought by 'silver tops' (OAPs) and young families.

Throughout France, Spain and Portugal villages and towns supply 'aires', in many car parks there are dedicated parking spaces for at least five motor-homes; most supply water and toilet facilities and the cost for this is around £5 per night.

The modern motorhome is so well equipped with modern facilities that they do not need camp sites.

As I stated, the silver tops - most of whom are retired - like to visit our area in the off-season when many of the camp sites are closed.

Motorhomes love to visit East Devon and in particular Seaton now that it has so many visitor attractions.

Most of the car parks in and around Seaton are empty at night and allowing motorhomes to use these would bring in more visitors and income to Seaton and EDDC.

Several councils in Devon allow parking and sleeping in motorhomes in car parks in Exmouth, Torrington, Westward Ho!, Bideford, Barnstaple, Clovelly and Bridport in Dorset; Corn-

wall has at least ten places.

The ideal place in the Underfleet car park would be near the tramline where motorhomes could reverse and overhang the grass verge and take up very little room. The average cost in the English aires are between £5 and £10.

One other thing regarding parking on the road side on the continent is the legal wording: 'camping' is when you have chairs, awnings, etc outside. 'Parking' is what it says.

**PA MORGAN,  
via email**

# Tiddy oggy wish

■ BEFORE the war, when I was six years old, I spent three months in Barnstaple and we lived on Cornish pasties - if I can get the spelling right, tiddy oggies - which were oblong in shape and at one end was a great knurled lump of pastry.

When you ate it you held the lump and ate your way through the meat and veg section in to the apple or jam pie which left the lump.

I was told that when the tin miners went to work they took the oggie with them; when they had their break there was nowhere to wash their hands of the tin dust, that is why they help the lump, then after their meal they fed the lump to the rats in the mine, because if the miners saw the rats leaving the mine it meant there was going to be a roof fall about to happen; this could have saved many miners' lives.

I wish our local bakers would make these oggies again, if it was sustenance for the miners think what it could do for us.

# RELAY FOR LIFE CREWKERNE

ENTER A TEAM TODAY AT [cruk.org/relay](http://cruk.org/relay)

JOIN US TO CELEBRATE ON 22 - 23 July 2017

Wadham School, Mount Pleasant, Yeovil Road, Crewkerne, TA18 7NT

Fundraise as a team for Cancer Research UK, then join a 24 hour celebration showing that together we are stronger than cancer.

**RELAY FOR LIFE**  
CANCER RESEARCH UK

# CAN YOU FIND EIGHT PEOPLE TO JOIN YOU IN THE FIGHT AGAINST CANCER?

CANCER RESEARCH UK is urging everyone in Crewkerne to find at least eight people they want to spend 24 hours with - but all for a seriously good cause.

The charity is encouraging family, friends and work colleagues to get together and enter Relay For Life, a unique year-round inspirational team fundraising challenge.

Teams of between eight to 15 people, of all ages, levels of fitness and walks of life are asked to raise as much money as possible for life-saving cancer research.

Teams can raise vital funds through a wide range of activities from karaoke to quizzes, supermarket bag-packs to charity balls and donations from their family, friends and work colleagues. They are then invited to take part in an overnight fundraising festival at Wadham School, Mount Pleasant on July 22nd to celebrate their fundraising achievements.

Louise Smith, volunteer Chair of Cancer Research UK's Relay For Life in Crewkerne, said: "Relay For Life is a great way to spend time with your family, friends and colleagues while raising money for a truly worthwhile cause."

During the Relay itself, team members take it in turns to

walk round a track while everyone else enjoys the carnival atmosphere. As the event continues non-stop through the night, team members not on the track take turns to rest, eat, or sleep in their tents which are set up close by.

As dusk falls the specially made Candle of Hope bags - decorated with touching messages in memory or in celebration of loved ones - are filled with sand and lit up with candles around the track and glow long into the evening.

Louise continued: "One in two people in the UK will be diagnosed with cancer at some stage in their lives. Taking part in Relay For Life is about being part of a community united in the belief that it can make a difference. Cancer Research UK needs everyone in Crewkerne to act right now."

"We have made so much progress in the fight against this devastating disease, but it's not just technology or knowledge that we need to win the battle to beat cancer - it's funding."

"Today as many people survive cancer as die from cancer, but there's much more work to do."

■ THE Chamber of Commerce hopes to revitalise the old logo.

PULMAN'S View from Newspapers are delighted to launch a competition to design a new logo for the Honiton Chamber of Commerce.

Creative young people in Honiton have been challenged to play a major part in boosting their town's economy by taking part.

Traders in the town want help improving their marketing message – and they are throwing down the gauntlet to the younger generation.

The Honiton Chamber of Commerce has served the towns traders since 1938, and still actively engaged in promoting tourism within the county. The chamber is the largest in East Devon.

Honiton Chamber Chairman Tony McCollum said: "The young people of Honiton are potentially Chamber members of the future so why not let them decide on the organisation's image for the coming years. The Chamber is a vibrant organisation working hard for the

benefit of local businesses, the local economy and for the greater good of Honiton overall. We want a brand image that reflects that hard work and vibrancy. It is the opinion of the Chamber's Executive Committee that the young people of the town can provide that for us. We are delighted that the View From title for Honiton have come on board as our media partner for this project and thank them for all the professional support they are offering. This shows what can be achieved when two great organisations come together to work for the good of the community."

The competition is being run in association with Pulman's View from Honiton and Ottery St Mary and design company etchd Creative. Honiton reporter Peter Hodges and Head of Production at Pulman's View from Newspapers and Production Manager at etchd Creative Rob Larcombe will serve as judges alongside Chamber Chairman Tony McCollum and Honiton Sports owner and chamber member Paul Newman.

The closing date for entries will be on July 7th, following that the judges will decide a group to go through to the public vote which closes on July 18th.

The judges will choose a selection of entries from the three age groups, but it will be the public that makes the final decision. Within each age group there will be a winner who will get a prize. The three age groups will be 5-10, 11-15 and 16-18.

The new logo will be used on all chamber mastheads, their website and any chamber related matter. It will also be embossed on the chairman new chains of office.

Entries can be submitted now to Honiton Sports Shop. Design your logo in the space below, add your name, age and phone number and look out for boxes to submit your entry in the town. Students at Honiton Community College students can hand their entries in at school. Speak to Principal Glenn Smith for details.

The winner will be revealed at the Honiton Show on August 3rd.

## Bowen Therapy & Energy Healing

### FEEL LIKE YOU'VE HIT A WALL WITH YOUR HEALTH?

I am referring specifically today to reaching the wall, the point at which we utter these questions:

1. What is the reason for this illness or Pain?
2. What more can I do?
3. Is there anyone else I should see?
4. Are there any more techniques, healing practices, nutritional programs, vitamins – anything – that I should introduce into my healing routine that will make a difference?

5. Have I reached the moment at which my only hope is a miracle?

Choosing to treat your health holistically is the one of the best choices you can make to finally be able to take control and understand how to really take care of yourself for good.

In our sessions together we will address not only your body but also the bigger picture of your health and other underlying factors that will be creating the imbalance that you are experiencing.

Clients often comment that time spent with me is Educational, Effective and full of value!

"The doctor of the future will give no medicine, but will interest his patients in the care of the human frame, in diet, and in the cause and prevention of disease"

# Safe Yoga

YOGA is as good as physiotherapy to relieving lower back pain, a new study suggested.

Lower back is particularly common and normally improves within a few weeks or months but for many it persists.

Treatment recommended by the NHS include group exercise classes to strengthen muscles and improve posture or manual therapy such as manipulating the spine and massage by physiotherapists, chiropractors or osteopaths.

In rare cases they may be offered counselling to cope with the pain.

But the effectiveness of yoga compared to physio has not been tested in poorer people with long-term back pain who are more likely to be signed off work.

Researchers from Boston Medical Centre randomly assigned participants to 12 weekly yoga classes, 15 physical therapy visits, or an educational book and newsletters about coping with chronic low back pain.

The participants were 320 predominantly low-income, racially diverse adults with chronic low back pain and were followed up to a year later.

It found yoga was as safe and effective as physical therapy for restoring function and relieving pain.

And those who did yoga or physiotherapy were less likely to take pain killers to cope after 12 weeks. The findings are published in Annals of Internal Medicine.

Advice from GPs include staying active, do stretching exercises, take anti-inflammatory painkillers, or use hot or cold compression packs for short-term relief.

Assistant Professor of Family Medicine Dr Robert Saper said: "In conclusion, we found that yoga was noninferior to physical therapy for improving moderate to severe nonspecific chronic low back pain in a diverse, predominantly low-income population.

"Yoga and physical therapy participants had greater improvement in function and pain than education participants; however, these differences were not uniformly significant.

"Yoga and physical therapy participants were more likely than education participants to stop taking pain medication.

"The effectiveness of yoga and physical therapy was most evident in adherent participants.

"Improvements in yoga and physical therapy were maintained at one year, and all interventions were relatively safe.

"A structured yoga programme for patients with chronic low back pain may be a reasonable alternative to physical therapy depending on patient preferences, availability, and cost."

The findings are published in Annals of Internal Medicine.

In an editorial Drs Douglas Chang at the University of California at San Diego and Stefan Kertesz at the University of Alabama said: "In light of the complex factors affecting both diagnosis and outcomes in chronic low back pain, any single treatment

approach is unlikely to prove helpful to all or even most patients.

"Nevertheless, as Saper and colleagues have shown, yoga offers some persons tangible benefit without much risk.

"In the end, however, it represents one tool among many.

"Thoughtful physicians will try to determine what fits a patient's anatomical diagnosis

and psychosocial situation or fall prey to the maxim that 'a fool with a tool is still just a fool.'"

## Lindy Parry

Podiatrist/Chiropodist

I HOLD my private chiropody clinic at Townsend House Surgery in Seaton.

I offer a range of treatments from a simple nail cut to nail surgery, and each treatment plan is priced accordingly.

The nail cutting only service is a shorter appointment and is ideal for those that don't have any other foot care needs. Others like to alternate nail cuts with chiropody treatments as it best suits their requirements. I always aim to work with the patient to find the best treatment plan to suit each individual. Patients feet are then monitored during treatment so that changes can be made should the need arise.

Diabetic patients who attend for chiropody will also have a diabetic foot assessment carried out during their first treatment, and will then be monitored and re-assessed as necessary.

My chiropody clinics are available to anybody seeking help with their feet and Townsend House and I look forward to welcoming you.

Bookings can be made by calling 01297 22956.

## Hypnotherapy for phobias – Facts about Phobias

DO you have an intense fear for animals, driving, heights, blood, spiders, planes, needles, or something else? Would you rather climb ten flights of stairs rather than get into a lift?

All people have fears or situations they would rather avoid. It is part of everyday life and it's an important natural process that helps to keep us safe. Some people are frightened by interviews, public speaking, or socialising whilst some are uncomfortable being at home alone at night. Most people manage to control their fears and go about their normal activities.

But for some people, anxieties and fears are overwhelming and persistent.

Normal coping mechanisms don't work, and the need to avoid the objects or situations that cause anxiety can be so intense that they drastically interfere with daily life, even though they know the response is inappropriate.

Of course people with phobias realise their fears are irrational, but often facing, or even thinking about facing, the brings on a panic attack or severe anxiety.

Many find that their lives are impaired by phobic symptoms.

If you have a fear or a phobia, or are anxious and the stress is causing you a problem maybe it's time to take control of your life, and change it, once and for all.

Michelle is a qualified and very experienced professional Clinical and Cognitive Behavioural Hypnotherapist, based in Axminster who uses her skills to work with you to find the right solution for you.

## CHAIR CHOICE

### Looking to buy a new chair?

AT **CHAIR CHOICE** our aim is to offer everyone the benefit of our knowledge and experience with honest, genuine help and advice. All ranges are carefully selected from reliable suppliers (British manufacturers wherever possible) for their **quality and value for money**. We make no false claims or too good to be true offers. We do not sell online or mail order as we believe you should benefit from the many advantages of dealing with your local retailer.

When **selecting your new chair** consider the size and proportion of the user as well as the room. If you are concerned by the size of your new furniture we would ask you to supply relevant measurements, for example the size of existing item or the space available. Trying to evaluate by eye can be deceptive as a model you judge to be too big may in fact be smaller than it appears in our showroom. Whilst measurements such as seat height are a useful guide, seat and back angles are more influential in the way a chair feels to sit in and use so it is important to try different models and options before you buy.

At **Chair Choice** we have over 100 chairs for you to see and try including lounge, wing, fireside, high seat, reclining plus electric rise and recline models. Many models are offered in a range of sizes with 2 or 3 seater settees to match.

Visit our **showroom** and try all the different models for yourself so you can make your own assessment and ensure you are comfortable with your choice. **You'll be spoilt for choice with prices considerably less than nationally advertised chair specialists!**

## HOW TO LOOK AFTER YOUR LAWN IN SUMMER

By Hannah Stephenson, Press Association

SUMMER is the time when your lawn gets a hammering - from kids, garden party guests and pets. So, when the heat is on, how do you keep your grass looking great?

#### • Maintenance

This spring has been dry and cool and we are now into summer - now is not a good time to be doing much in the way of the aeration and scarification. Cut your lawn correctly by not mowing below 25mm in summer.

#### • Watering

Adapt your watering schedule to the weather. If you do not water the grass, it will dehydrate and a weak lawn will leave an opportunity for weeds and all the wrong types of grass to germinate and grow in it. Water using a sprinkler, moving it about the lawn from place to place leaving it in each area for approximately 10 minutes but no longer. Some people soak it once a week but we find it best to start watering before the soil dries out. If the lawn has slight tinges of brown, then get watering now.

#### • Mowing

The most common mistakes concern cutting height and when not to cut. When cutting in spring, keep the height at not less than 25mm (1in). In warmer, drier periods raise the

height of the cut to 40mm (1.5in), but if it remains really dry and watering is difficult, then up to 50mm (2in). When the grass is not growing and is becoming brittle, do not cut it. If the lawn has become dry, watering is essential if you want to keep it looking good and you may have to increase your watering program to recover the lawn. Only when you start to see the lawn recover, is it time to restart cutting again.

#### • Treatments

These should be nutrition-based and applied at both the start and towards the end of the summer. By applying an early and late summer treatment, each plant in your lawn will be strengthened to withstand warm conditions and will ensure a healthy and vibrant green coloured lawn for you to enjoy on long summer days.

Safe, Secure & very, very strong...

# HOMES SUMMER and Gardens

LET THESE LOCAL BUSINESSES MAKE YOUR HOUSE A HOME & YOUR GARDEN GLORIOUS

## EDEN GARDEN FENCING AND LANDSCAPING

AT EDEN Garden Fencing and Landscaping based in Seaton, Devon we have been building and installing quality Fencing, Gates and Decking, along with Landscaping, for some 15 years. This makes finding a Fencing Contractor simple by providing for all clients' requirements, large and small locally. The timber products side of Landscapers, Eden Garden Developments, offers a friendly, professional, integrated service and the Seaton, Devon base covers a 30 mile radius.

A timely example, given the present gusty conditions, is Garden Fencing, where this can be replaced or repaired, depending upon condition and the budget available. This can be either Close Board, Panel (with or without Trellis), Post and Rail or Picket Fencing. Eden Garden Fencing and Landscaping also supply and fit Gates (see insets).

Whilst we take pride in installing robust and durable fencing products, "cost leadership" is still at the forefront of the business, whilst keeping quality and the principles of design foremost. Much of the work can be done during Autumn and Winter when the ground is less compacted and this time is also perfect for renovating the garden generally. So by Spring many garden improvements can be ready to be enjoyed.

There is now a dedicated Timber Products website, [www.edengardenfencing.co.uk](http://www.edengardenfencing.co.uk), giving examples of the range and quality of workmanship. Additionally, information can be obtained by calling 01297 23596 (mobile 07977 415446) or visiting the general web pages at [www.a1-environmental.com](http://www.a1-environmental.com)

## HOW TO CREATE A GORGEOUS COTTAGE GARDEN

By Hannah Stephenson, Press Association

WHILE a cottage garden may seem a glorious mixture of traditional plants nudging and overlapping each other in a seemingly random display, the overall effect will be more successful with some planning.

Heed these tips if you're planning to create your own cottage garden.

### • Keep colours in harmony

The colour scheme should be in harmony - traditionally soft purples, blues and pinks - with height created by climbers which clamber up obelisks and archways, or scented plants situated near old wooden benches or painted wrought iron seats to add to the romantic feel of the plot.

### • Choose evergreen backdrops

Select backbone evergreen plants such as holly or yew to create a framework, accented by perennials with strong architectural value such as alliums and irises - which can be repeat-planted within the border, mixed with plenty of old-fashioned favourites including aquilegias, foxgloves, pinks, hollyhocks, Michaelmas daisies and poppies. Include plants that self-seed, which will often pop up in just the right place.

Naturalistic-looking grasses can be planted in swathes to create softness and movement, dotted with wild flowers, to create a vague structure to the overall informal scene.

### • Plant a tree or hedge for birds

Consider making the most of an existing tree or planting a hedge, providing food and shelter for many birds. Don't forget berries - fruiting hedges could produce crab apples, blackberries and rosehips, again attracting many birds. Cottage gardens shouldn't appear organised - but the best ones are, without the visitor even noticing.

### • For a classic touch, add roses

Roses are a cottage garden favourite. Make sure you choose a fragrant variety. I love the David Austin rose 'Desdemona', with its soft pink buds emerging creamy white, or plant the deep pink 'Gertrude Jekyll' with the subtle white Clematis 'Henryi'. Roses enjoy the same situation as clematis - rich soil, in full sun or light shade, plenty of plant food and lots of water until they are well established.

### • To add height, consider lupins

Among the earliest of the impressive cottage garden summer perennials, lupins, from the pea family, come in all colours and in varying heights, and are actually really easy to grow from seed - especially if you soak the seed for 24 hours before sowing. They produce dense spikes of pea-like flowers often up to 90cm tall above palmate leaves. They also benefit the soil by taking nitrogen from the air and storing it in their roots.

### • For a delicate look, plant foxgloves

These self-seeding statuesque spires of wildflower seen on railway banks or in overgrown country lanes also look impressive in the cottage garden. The delicate-looking bell flowers of these majestic biennial favourites are also a magnet to bees, which will climb into the tubular bells to seek out the pollen. Leave the flowers to drop their seeds in the autumn and you should get flowers two years on.

### • For some colour, add nepeta

Along with lavender, nepeta (catmint) provides an impressive swathe at the front of a border, thanks to its clouds of tiny mauve flowers on gentle spikes, which flower from early summer to autumn. The most widely available is 'Six Hills Giant' which grows up to 90cm and can be a bit unruly. A less slouching type is be N. racemosa 'Walker's Low', which is more upright and reaches about 60cm.

## B Sharp ready for 10th birthday celebrations

B SHARP, the local music charity for young people, are celebrating in style this Saturday for their 10th Birthday Party – Big Mix at the Marine Theatre in Lyme Regis. Organisers are excited to announce that the brilliant and much loved RPM's, who have just returned from playing on three Glastonbury stages, are headlining, and are in a serious mood for partying. Described by *Louder Than War* as: 'Energetic indie rocking with some catchy pop rhythms sprinkled in.'

The event kicks off outside at 3pm with DJ's playing from the Theatre balcony followed at 6pm by doors opening for a short film, music, pictures and presentation showcasing the past ten years. The evening will unfold cabaret style with a fantastic

line up of local young musicians and bands who will be showcasing some of the original music composed at the weekly B Sharp Jams in the area.

The new enterprise B Sharp house-band 'LaunchPad' will play before the headline act, The RPMs, who will kick things into another gear. Be prepared for dancing.

Tickets are available from Lyme Regis TIC 01297 442138. £8.50 adult, £5 young people and low waged, £21 family (2 adults + 2 young people). Donations are accepted, as B Sharp does not wish for anyone to be excluded on grounds of hardship. There will be a bar, café and Rebel Town Pizza van.

Jacques Verhaeren, B Sharp founder member said, 'B Sharp is more than just music. The party will bring together friends, supporters, partners and participants for some incredible music and performance and is a great opportunity for young people to get industry experience of running an event of this scale.' 'Witnessing a young person blossom into a fantastic musician in their own right is one of the things that make B Sharp more than just a job to me. Words can't really describe how rewarding it is and how much joy B Sharp spreads to

■ The RPMs

everyone that gets involved at any level'. 'The Birthday Party is also a great opportunity to look to the future,' said Fran Williams, Creative Director.

'We are really proud of what we have achieved together over the last decade, spearheading innovative ways for engagement in education through music, the arts and culture. Our on-going projects, events and our training, skills, mentoring and workforce development programme are something we really want to develop into the future. We can see it works and we believe it greatly reduces barriers to learning and engagement!'

'Developing young people's creative capacity and giving them skills, experience and confidence is going to be increasingly important in leading fulfilling lives in the future. Over the next ten years B Sharp is looking to broaden the scale and scope of what we can offer to young people to give them the best possible start in life'.

WS Gilbert and Arthur Sullivan wrote 14 comic operas

between 1871 and 1896 and the first runs of these in Britain, France and USA totalled almost 5,000 performances. Their themes are still relevant today and continue to attract large audiences. "Trial by Jury" is about an action for breach of promise by a spurned bride which has comic consequences.

These 'human computers' have to battle against deeply engrained racism and sexism to secure their place in history. Katherine Johnson (Taraji P. Henson) is a brilliant maths prodigy. Team supervisor Dorothy Vaughn (Octavia Spencer) is kept in her place by a condescending boss (Kirsten Dunst).

Mary Jackson (Janelle Monae) endures an uphill struggle to train as NASA's first black female engineer.

From the director of *St. Vincent*, this is an inspirational, feel good true story of unsung heroes who dared to dream big and refused to be intimidated by the obstacles placed in their way.

## Vintage jazz session comes of age

PIANIST Mike Denham's popular vintage jazz sessions at Ilminster Arts Centre come of age on Friday, July 14th. For his 21st Speakeasy at the Arts Centre, Mike is joined by vocalist and multi-instrumentalist Graham Hughes for an evening that promises to be filled with music, fun and Mike's famous anecdotes.

Graham Hughes is a remarkably versatile musician - there aren't many instruments he doesn't seem to be able to turn his hand to! As a trombone player Graham has toured the UK and Europe with renowned musicians such as Keith

Nichols, Enrico Tomasso, the Charlestone Chasers, the Pasadena Roof Orchestra, and Alan Barnes among others and he is now in demand as a name in his own right. Some years ago Graham took up the sousaphone, and has built a reputation as a leading player, pinning down the bass-lines solidly in traditional jazz, funk, Latin and bands. He has also played double bass in gipsy jazz style bands for many years. Even his chromatic harmonica comes in handy for some concerts - an instrument he was given when he went travelling as a youngster! As a youth Graham spent many hours singing in choirs, and he is now a vocalist with the Sunshine Kings and other bands.

Mike Denham is one of the most popular performers at the Arts Centre, and his concerts generally play to a full house. A brilliant pianist, Mike has a profound and enduring love of early jazz, and his trademark repartee

is studded with an array of amusing but informative anecdotes about the world of jazz. Mike's repertoire ranges across American jazz from the early 20th century through to 50s Rock and Roll. He plays classic rags by Scott Joplin, the blues and stomps of Jelly Roll Morton and Fats Waller, and popular songs by George Gershwin and Irving Berlin, as well as eight-to-the-bar boogie and blues from Meade Lux Lewis and Albert Ammons through to the somewhat more up-to-date "Fats" Domino.

This will be an evening of music from the golden age of jazz played by two masterful and entertaining musicians. Advance booking is strongly recommended.

■ Mike Denham's 21st Speakeasy comes to the Ilminster Arts Centre at the Meeting House on Friday, July 14th at 8pm. Tickets are £12 and a pre-show supper is available for £14 at 7pm, but must be pre-booked. For more details or to book call 01460 54973 or visit the website at [www.themeetinghouse.org.uk](http://www.themeetinghouse.org.uk)

# CLOKS head to the jungle

WITH just under a week to go, the children and adults of CLOKS are pulling out all the stops to ensure that their performance of a Disney classic, followed by a clever and creative second act, is as good as it can possibly be.

The technical and dress rehearsals this weekend and early next week never fail to raise the level of excitement; the costumes are all coming together, along with the lighting and sound to create a vibrant and engaging atmosphere to accompany the action onstage.

The set is being built and painted, the backdrops are due to arrive imminently, raffle prizes being collected and a general pre-show buzz is in the air. Tickets are going fast; don't risk missing out - buy yours today from Barron's, Chard, this isn't a show you'd want to miss!

Great fun for all the family or even just an opportunity to discover your inner child as CLOKS bring these magical stories to life.

Advertiser's Announcement

## Things to ask for in the Lord's Prayer

"O You who hear prayer, to you all flesh will come". These words from the Book of Psalms (65:2) proclaim a profound truth about the God of the Bible - He is not deaf to the prayers of human beings. Even those who do not believe in Him will, in desperation, sometimes turn instinctively to prayer. After all, we are, as the Bible says, 'made in the image of God'. (Genesis 1:27)

On the other hand, believers who make a habit of prayer find God responding in their hearts, their thoughts, and in the circum-

stances of their lives. Prayer is essentially a personal, one to one, conversation with God and even public prayers in which we join are like that.

It's an awesome thing that we may speak privately with our Creator - best proceed with respect and check what He has to say about it in His word.

Jesus gives us an informative and helpful pattern to use. Our Bible talks in July look at some of the things he says we should ask for and why.

## Power up: Advanced and efficient new 300PS petrol engine for XE, XF and F-PACE models

JAGUAR is introducing an efficient yet powerful new 300PS Ingenium petrol engine to the XE and XF saloons and F-PACE performance SUV models.

The 2.0-litre four-cylinder Ingenium petrol engine produces 400Nm of torque for exceptional acceleration. That's enough to power the World Car of the Year-winning F-PACE from 0-100km/h in 6.0 seconds (0-60mph in 5.7 seconds) with fuel economy of 37mpg (7.7 l/100km).

In the Jaguar XF business saloon the new engine delivers 0-100km/h in 5.6 seconds (0-60mph in 5.5 seconds). With CO2 emissions of 163g/km and fuel economy of 40mpg (7.2 l/100km), the new Ingenium powerplant delivers traditional Jaguar performance allied to impressive efficiency.

For the XE sports saloon, the new engine delivers even more impressive figures. The 0-100km/h sprint takes only 5.5 seconds (0-60mph in 5.2 seconds), while fuel economy of 41.5mpg (6.9 l/100km) and CO2 emissions of 157g/km ensure its strong eco credentials remain intact.

The new four-cylinder engine, benefits from the

latest Jaguar Land Rover engine technology, including twin-scroll turbos with ceramic ball bearings to reduce friction and a high flow compressor wheel for enhanced performance. The new engine is manufactured at the £500m Engine Manufacturing Centre in Wolverhampton, UK.

Paired with Jaguar Land

Rover's advanced ZF eight-speed automatic transmission, this drivetrain delivers exceptionally smooth acceleration with seamless gearshifts and outstanding responses.

The introduction of the powerful new engine is the latest in a series of enhancements to the XE, XF and F-PACE. Earlier this year the range of advanced Ingenium

engines expanded to include 200PS (XE and XF only) and 250PS versions of the 2.0-litre four-cylinder petrol engine. A 240PS 2.0-litre four-cylinder twin turbo diesel was also introduced.

Further updates for the 2018 model year derivatives include added convenience features such as a Gesture Boot Lid for the XF and XE,

as well as Jaguar's Configurable Dynamics technology. This allows drivers to personalise the automatic gearbox, throttle and steering settings to suit their personal preference.

All three models also benefit from the very latest safety technologies including Forward Vehicle Guidance and Forward Traffic Detection.

# Imagine always being on the right path

THE hotly anticipated new, 100 percent electric #Nissan #LEAF will feature state-of-the-art ProPILOT technology, enabling autonomous drive functionality in single-lane highway driving. The technology, operated at the touch of a single button, will control the steering, acceleration and braking in a single lane on the highway, assisting drivers during heavy traffic congestion or during long commutes.

In the coming years, Nissan's ProPI-

LOT technology will offer increasing levels of autonomy, with the system eventually able to navigate city intersections. Set to make driving safer and more enjoyable, development of ProPILOT technology is part of Nissan Intelligent Mobility, the company's blueprint for transforming how cars are driven, powered and integrated into society.

Gareth Dunsmore, Director of Electric Vehicles, Nissan Europe said: "The ultimate embodiment of Nissan Intelligent

Mobility, the new Nissan LEAF will be the most advanced, accessible EV on the market, today. Adding ground-breaking ProPILOT technology to the new Nissan LEAF will prove invaluable in unlocking many of the benefits of electric vehicles, creating less congested, cleaner cities for future generations."

The new Nissan LEAF with ProPILOT, coming soon. For all the latest information and updates, follow #ElectrifytheWorld.

## All-New Mégane Renault Sport to offer four-wheel steering and a choice of two chassis

THE All-New Mégane Renault Sport will be the first hot hatch to have four wheel steering and will offer customers a choice between two chassis set ups.

Renault's 4CONTROL four wheel steer technology offers drivers enhanced agility, cornering performance and steering precision by enabling the car's rear wheels to assist in steering by means of an electromagnetic actuator mounted on the rear axle. Renault Sport engineers have specifically calibrated the system to take the car's performance to new limits thanks to exceptional agility and cornering stability at higher speeds.

New Mégane Renault Sport customers will also be able to choose between a Sport chassis, which combines high perfor-

mance and ride comfort in everyday use or a Cup chassis, engineered to deliver the ultimate track performance experience.

## CHARD with Peter Avery

IT has been a quiet period because several of scheduled opponents have been forced to ask for matches to be rearranged.

As a result during the last three weeks only three matches were played in the Wessex League and one friendly.

The friendly was at DUNKESWELL, three of the people who came to the Club's Open Day in May played their first match and acquitted themselves very well on a challenging artificial surface.

Chard lost overall but won one of the three rinks (Peter Fisher, Roy Vaux & Keith Johnson 20-11) and lost another by a single shot (Tudor Jones, Ena Stringer & Alan White 15-16).

The club lost each of the Wessex League matches against STREET and GILLINGHAM by three rinks to one; Chard's winning triples were Teresa Pinder, Fred Ward & Barry Pinder 14-13 and Maureen Fenwick, Glenn Berry & Dave Wilkinson 16-15.

More encouraging was the 87-67 win at SHAFESBURY; Chard won three of the four rinks: Bill Hucker, Barbara Ball & Norman Connelly 18-14; Ena Stringer, Peter Avery & Mike Nichols 26-16 and Maureen Fenwick, Glenn Berry & Dave Wilkinson 29-14.

The Club has 14 new members from its Open Day in May and these are now being regularly coached by Phil Stringer.

If you missed this opportunity but would still like to explore if this is a game for you then the Club holds an 'umbrella' on a Tuesday afternoons from 2pm; please contact [p.avery01@btinternet.com](mailto:p.avery01@btinternet.com) or 01460 239064 in advance.

# Heat stops play!

WITH no games possible at Honiton due to the heat and its effect on the court, only six games were played. This is the first time that courts have been unplayable due to extreme heat!

Something had to give as two unbeaten teams Panthers and Hi Q locked horns in the Left Division.

And it was the Panthers who stumbled as they were defeated 38-27 as Hi Q held out to their top spot on goal difference.

Second placed Toucan Chicks reduced the goal difference gap with a thoroughly convincing 62-18 win over Signs South West.

The other game on the night saw Pixies move from seventh up to fourth thanks to a good 56-19 victory over Swagmamas.

Although there were three games played in the Right Division at time of going print scorecards were received from only two of the games so the table does not include the result of the Hawks v Hot Shots game.

Flamingos made it five wins from five when they defeated Cranbrook Arrows 58-22.

The other game was tightly contested between Beer Blazers and JD Tyres with honours going to the Blazers 41-35 keeping them in second place with JD gaining a point to move into 3rd spot.

## Leaders toppled

HONITON were tentative at the prospect of facing Plymouth last week.

Having come off the back of two defeats, one of them by 5-0, they would be up against the League's form team who had so far won all their matches this season.

But the form was upset as they ran out 3-2 winners at Mountbatten Park to end Plymouth's unbeaten run.

Team Captain Chris Bigmore resisted the chance to make changes in personnel, he said: "The same side was selected as the previous two matches as I thought that the experience gained would be useful and harden the resolve of our players. So it proved, we were all very determined."

"In fact the scoreline suggests a closer match than it was and we could have won more comfortably".

After the first round the home side were soon 2-0 up with the triples of Cecily Young, Tony Prior & Larry Halliwell followed by Jenny Lavender, Chris Bigmore & Charlie O'Reilly winning 13-3 and 13-8 respectively. Plymouth were then briefly up in all three doubles in the early stages of the second round, and though Young & Halliwell went down 13-7 to put the away side on the scoreboard, Prior & O'Reilly quickly followed with a good 13-9 win to seal the match.

Lavender & Bigmore then lost the final double 13-8 in a game that swung both ways.

## McCance crowned Honiton champ

**HONITON** with John Pawley BANG in the middle of the hot spell, the Tuesday mixed drew for the CHIVERS GOBLET.

The heat was too much for some, but not Elizabeth Ward & Cyril Dann who finished the 18 holes with a magnificent 43 points. Next were Cherry Leill & Larry Goodcliffe with 36, ahead of Maureen Tollemache & Barry Rogers also with 36, with Linda Curtis & Ken Wood fourth, with 35.

The ladies celebrated the Summer Solstice with a lunch organised by Lady Captain Janet Hughes, preceded by a 14-hole Texas Scramble competition.

Many golfers enjoyed the shotgun start, ensuring they were not playing in the heat of the day.

The winners were Elaine Utting, Jan Lloyd & Hilda Hoepelman with a combined score of 53.8, followed by Liz Wood, Carole Booth & Brenda Hyde with 54.1. Third were Henrietta Bradshaw, Sheila Palmer & Danusia White with 54.4.

The seniors had two matches in past week; at home to Torquay and away at Dainton Park, and both ended with narrow defeats.

By Friday the cooler clouider conditions made the task of competing for the RON BLATCHFORD CUP an easier option for 60 seniors. Ahead of the Club Championship weekend the course was in good condition, giving up some good scores.

Top of Division one, and winner of the Cup, was Nigel Broadbent with 66 and a one stroke handicap cut. He was followed by Alan Pollock (68) Vic Wood (71) and Dave Morgan (72).

Top of Division Two was Bill Phillips with 67, also having his handicap shaved, followed by Phil Faulkner (68) Robert Canterbury (70) and Kit Barker (70).

Four people were in the two's this week - Larry Goodcliffe, Nigel Broadbent and Ron Graham on the 2nd, and Max Pipe on the 12th.

On Thursday the Parker Trophy second round tie against DOWNES CREDITON was played at Woodbury and it came down to a nailbit-

ing finish on the tricky par three 18th.

The scratch foursomes competition was finely balanced, with one match each, and Crediton safely on the green, Club Champion Ben Phillips sent his tee shot out over the lake to better his opponent, and secure the winning point - and a third round countywide draw for Honiton. Result Ben Phillips & James Spiller 2up, Haydon McCance & Ross Latchem lost 5&4, Darren Morgan & James Drew won 5&4.

Saturday brought the ADULT/JUNIOR FOURSOMES competition - one designed to encourage the juniors and give them a way into golf.

Twenty four pairs of adults and juniors took to the course for 18, 10 or three holes depending on their ability and age.

The winner in the three-hole section was Charlie Evans playing with Mike Cank.

In the 10-hole category the winner was Benny Bacon, playing with Paul Ritchie followed by Callum Ashworth playing with Bill Eaton second, and Robbie Larcombe playing with Max Pipe third.
